Approval of minutes: Innes Maciver **Seconded:** Gavin Minion

1. Traigh Mhor

Work has still not started but may start early this week. All safety signs are in place.

2. Banking/Finance

No update from Stornoway Trust regarding funding. £3,053.53 currently in the account. **AM** to forward banking info onto councilors for the start-up grant.

3. AOCB

PACT – Local Community Group looking at redeveloping the football pitch. This had been started earlier prior to the death of a local community member. **InnesM** to make contact with PACT and ask them to participate in the next NTCC meeting.

Community Event Ideas – Community clean-up of the football pitch including cutting the grass. Another idea raised has been a community clean up including the bins at both beaches.

Local community Police Officer has been appointed to this ward. An invite has been sent to the officer to join us at the next meeting.

InnesM and **AH** to make contact with CNES to request more bins at local beaches. Current bin at the Traigh Mhor is unable to close resulting in food waste being left all over the road.

Phone Book – AL (TCDL) to bring this collaborative idea to TCDL at their next meeting. Potentially could be used as a village map with useful resources.

DM to place signage to Post Office to remind locals to use the community bins more responsibly.

Social Media – **BIG** to look at this for NTCC

AM to make contact with BEYWA with regards to the wind turbine.

Agenda for next meeting:

1. PACT/Pitch
2. Ideas for community events
3. Insurance for Kitchen/Hall
4. AOCB
