Dear Sir/Madam,

Proposal: 24/00123/PPW Monan Wind Farm - The replacement of the three operational turbines at Monan Wind Farm with three turbines of 86m to tip and associated infrastructure.

With reference to the above proposal, our preliminary assessment shows that, at the given position and height, this development would not infringe the safeguarding criteria and operation of Stornoway Airport.

Therefore, Highlands and Islands Airports Limited has no objections to the proposal.

Any variation of the parameters (which include the location, dimensions, form, and finishing materials) then as a statutory consultee HIAL requires that it be further consulted on any such changes prior to any planning permission, or any consent being granted.

Kind regards,

Nyree Millar-Bell  
Aerodrome Safeguarding and Operations Support Officer  
Highlands and Islands Airports Limited
