

Notes of the Eriskay Community Council (ECC) sub committee meeting 04/04/2024

Attendees - Triona MacKinnon, Craig Harrower and Kat Beedie

Matters raised -

- New bank account has been confirmed and regular payments set up so that we are now able to manage the account in a more efficient and flexible way.
- Due to the ECC having a new full committee the group is still working through what monies are due out to individuals and what monies are due to the ECC.
- It has been raised that there is likely to be a bus deficit this year, meaning that what we receive from the council will not fully cover the rental amount from Hebco. Kat has spoken to Hebco about a fee reduction but they are unable to do this. Kat has also spoken to the Council Transport contact about other options including sharing the bus with other councils. We also talked about donations for the bus and how to cover the difference in the invoice and what we get from the council, which is about £200.
- Contact details for the new council email and bank account has been passed onto CnES.
- The first meeting is planned for the 16th April where we will need to confirm members, following the previous council group stopping running. The agenda has been agreed and the committee wants to cover what has been actioned since the brand new committee came on board.
- Kat confirmed that the money raised for the shower fee at the Eriskay Ferry Port was nothing to do with ECC and was processed by CnES.
