

MUNICIPAL SERVICES FEES AND CHARGES 2025/26

Report by Head of Municipal Services

PURPOSE

- 1.1 The purpose of the Report is to seek approval of the Comhairle for revised Municipal Services Fees and Charges.

EXECUTIVE SUMMARY

- 2.1 The Fees and Charges applied for waste collection and disposal are based on the requirement of the Environmental Protection Act 1990 obligations to cover costs of disposal of commercial and industrial wastes. Fees have increased in line with the 5% increase used for budget setting other than those detailed at paragraph 2.2.
- 2.2 The standard rate for landfill tax has increased from £103.70 to £126.15 per tonne for 2025/26 (22% increase). A 10% uplift has been applied to waste disposal charges for material that will be affected by the ban on landfilling of biodegradable municipal waste, which comes into force on 1 January 2026.
- 2.3 Adult bus fares have been increased by 5% and rounded up to the nearest 10p, with child, return and 10 journey tickets being increased accordingly.
- 2.4 Toilet charges at both the Bus Station and Perceval Square have not increased for a number of years and are being increased from 30p to 50p, subject to the machine at Perceval Square being upgraded to include 50p coins and contactless payments.
- 2.5 Consumer and Environmental Services fees have also been included this year as they now fall under Municipal Services.

RECOMMENDATION

- 3.1 **It is recommended that the Comhairle agree to the Municipal Services Fees and Charges as detailed the Appendix to the Report.**

Contact Officer: Colm Fraser Head of Municipal Services
Appendix: Municipal Services Fees and Charges 2025/26
Background Papers: None

IMPLICATIONS

4.1 The following implications are applicable in terms of the Report.

Resource Implications	Implications/None
Financial	The increased charges reflect the costs of providing commercial and industrial waste disposal and higher bus service operating costs.
Legal	Environmental Protection Act 1990
Staffing	None
Assets and Property	None
Strategic Implications	Implications/None
Risk	There is likely to be a small risk of increased fly-tipping, but higher landfill disposal costs will make recycling options more viable.
Equalities	None.
Corporate Strategy	The proposals work toward achieving Local Outcome 1.1.2 <i>“The impact on the local environment from waste management and energy consumption is reduced and effects positive and lasting change.”</i>
Environmental Impact	Increase recycling rates from service change to meet Scottish Government ‘Green’ targets.
Consultation	None

MUNICIPAL SERVICES – FEES AND CHARGES 2025/26

Waste and Cleansing

	DESCRIPTION	2024/25 STANDARD CHARGE	2025/26 STANDARD CHARGE
