**Report to the Audit and Scrutiny Committee for the period**

**2 September 2024**

## **I Introduction**

1.1 This report summarises the internal audit activity within Comhairle nan Eilean Siar for the period covering 1 April 2024 to 2 September 2024. The activity has been based on the approved Strategic Audit Plan for the three years to 31 March 2026 and the approved Operational Internal Audit Plan for 2024/25.

## **II Reports and work in progress in respect of 2023/24**

2.1 There are four outstanding reviews relating to 2023/24 operational plan and it is hoped that these would be reinstated during 2024/25 where resources allow:

- Treasury Management
- Purchasing and Accounts Payable
- Lochmaddy Pier Development
- Social Work Information System – Eclipse

## **III Reports and work in progress in respect of 2024/25**

3.1 Work included in the approved annual plan for 2024/25 and which is currently in progress includes:

- Medication Management
- Social Work Information System – Eclipse
- Street Lighting
- Cyber-Attack Response and Lessons Learnt

3.2 There are currently no active investigations. However, ongoing work is being gathered of the effects and response to the recent cyber incident with a view to report to the Audit & Scrutiny committee in 2024/25.

## **IV Follow up reviews**

4.1 An important part of the Internal Audit process is to follow up previous reports to confirm whether recommended actions have been implemented. In general, follow up reviews are undertaken approximately six to twelve months after the original study. There are three follow up reports for the consideration of the Audit and Scrutiny Committee at this meeting.

FU08-2023/24	Homelessness	5 June 2024

**V Conclusion**

- 5.1 Work on the operational plan for 2024/25 continues. In addition to this we are also looking to complete the outstanding reviews from the 2023/24 operational plan which had been delayed due to the cyber-attack of November 2023.
- 5.2 The section recognises that impacts of the cyber-attack are still being felt and that some reviews in the current operational plan may be subject to further consideration to determine their feasibility at this stage given the data loss effects. Priority will be given to High and Medium/High risk reviews in the first instance. Where reviews are not feasible we will advise the committee, and where possible substitute these for other reviews as determined in the Strategic Plan 2023/26.
- 5.3 We will keep the Comhairle’s Audit and Scrutiny Committee Chair and Vice-Chair updated of any concerns or significant events if these are brought to our attention by Comhairle management or indeed identified by internal audit.
