Comhairle nan Eilean Siar

1. Scope

This Policy relates to the management of requests for:

- loans of original archive material belonging to Tasglann nan Eilean (TnE), the archive service of Comhairle nan Eilean Siar
- loans of printed resources held in Tasglann nan Eilean's library, where such resources are rare and not easily obtainable elsewhere by applicants

2. Background

The purpose of Tasglann nan Eilean is to identify, collect and preserve the records of the Comhairle and its predecessor bodies which need to be retained permanently for legal or historical reasons, as well as the archives of organisations, businesses, estates or individuals connected to the Outer Hebrides which have been gifted or deposited, and to make these accessible to the widest extent possible for research, education or enjoyment.

Tasglann nan Eilean manages the historical records which have been entrusted to its care to professional standards, to ensure they are preserved for future generations.

3. Principles

3.1 Items from the archive or library collections may be loaned out for display, for a finite period, in pursuit of the following objectives:

- to further awareness and knowledge of the history of the Outer Hebrides as illustrated by our collections
- to make our collections more widely accessible
- to promote the archive and the benefit of its services

3.2 Requests from institutions which can fully meet the loan conditions, and whose aims and objectives are not contrary to those of the archive service, will be considered.

3.3 The loan conditions, and the way in which requests are managed, are intended to protect unique and irreplaceable archive material, and minimise all risks to it, while it is out of Tasglann nan Eilean's direct control.

3.4 Loan requests will **not** be approved if:

- Items requested are likely to be damaged by, or are unsuitable for, transport or display
- Items require conservation and there is insufficient resource to arrange and/ or undertake the treatment necessary
- Items are required for another purpose during the proposed loan period
- The items requested do not belong to Tasglann nan Eilean
- The borrower is unable to fully meet the conditions stipulated in the loan agreement

3.5 Tasglann nan Eilean may withdraw item(s) from loan at any time at the expense of the borrowing institution if any of the arrangements concerning the loan prove to be unsatisfactory .

4. Process

4.1 Tasglann nan Eilean will consider loan requests from archive institutions and other organisations for the purposes of display.

4.2 A minimum of six months notice will normally be required and all loan requests should be submitted in writing.

4.3 Tasglann nan Eilean will assess the condition of the items requested before agreeing to the loan.

4.4 If an item requires conservation treatment in order to go out on loan, the costs will normally be met by the borrower.

4.5 All arrangements will be confirmed in writing and the agreement detailing loan conditions signed by both Tasglann nan Eilean and the borrower before the loan commences.

4.6 Tasglann nan Eilean will maintain a record of all loans, including details of the borrower, the venue, the loan period and the purpose of the loan.

4.7 If the items being loaned are to feature in a touring exhibition, each venue must be assessed by, and confirmed as acceptable to, Tasglann nan Eilean in advance of the tour.
